Project 3

Interactive Form

Are you ready to have your project reviewed? Before you submit your project, make sure you have double-checked your work. We want you to pass the first time!

If you get your project back and it needs work, you'll have to wait 1 day before you can resubmit your project.

Submit for Review

Getting StartedInstructionsHow You'll Be Graded

To get a passing grade you'll need to submit a project that meets the following requirements. If your project receives a "Needs Work" rating on any of these tasks, then you'll need to edit your project and re-submit it until it "Meets" or "Exceeds" each task requirement.

	 Needs Work	 Meets Expectations	 Exceeds Expectations
"Name" field	Needs work if any of the following are true: <ul style="list-style-type: none">On page load, the cursor does not appear in the "Name" field.	Meets expectations if all of the following are true: <ul style="list-style-type: none">On page load, the cursor appears in the "Name" field, ready for a user to type.	<ul style="list-style-type: none">N/A
"Job Role" Section	Needs work if any of the following are true: <ul style="list-style-type: none">"Other job role" text field does not display/hide when a user selects/deselects "Other" from the Job Role menu.	Meets expectations if all of the following are true: <ul style="list-style-type: none">"Other job role" text field displays/hides when a user selects/deselects "Other" from the Job Role menu.	<ul style="list-style-type: none">N/A
"T-Shirt" Section	Needs work if any of the following are true: <ul style="list-style-type: none">The "Color" field is not disabled when the page loads.The "Color" field is not enabled when a "Theme" is selected.When the theme is changed, the "Color" field is empty or displays an unavailable color option.When the theme is changed, the "Color" drop down menu doesn't update or displays unavailable colors.	Meets expectations if all of the following are true: <ul style="list-style-type: none">The "Color" field is disabled when the page loads.The "Color" field is enabled when a "Theme" is selected.When the theme is changed, the "Color" field is not empty and does not display an unavailable color option.When the theme is changed, the "Color" drop down menu updates and displays only available color options.	<ul style="list-style-type: none">N/A
"Register for Activities" section	Needs work if any of the following are true: <ul style="list-style-type: none">The total cost of selected activities does not update in the form when users select or deselect activities.	Meets expectations if all of the following are true: <ul style="list-style-type: none">The total cost of selected activities correctly updates in the form when users select or deselect activities.	Exceeds expectations if meets expectations plus all of the following are true: <ul style="list-style-type: none">The user is prevented from selecting two activities that are at the same day and time.
"Payment info" section	Needs work if any of the following are true: <ul style="list-style-type: none">When the page loads, "Credit Card" is not selected in the payment field, and the credit card section is not the only payment section displayed in the form's UI.The payment section display does not update correctly when the user changes the selected payment method in the drop down menu.	Meets expectations if all of the following are true: <ul style="list-style-type: none">When the page loads, "Credit Card" is selected in the payment field, and the credit card section is the only payment section displayed in the form's UI.The payment section updates correctly when the user changes the selected payment method in the drop down menu.	<ul style="list-style-type: none">N/A
Form Validation	Needs work if any of the following are true: <ul style="list-style-type: none">Form submission doesn't use the <code>submit</code> event on the <code>form</code> element.Form can be submitted (the page refreshes when the submit button is clicked) even with incorrect information, such as:<ul style="list-style-type: none">"Name" field is blank."Email" field does not contain a correctly formatted email address.No activities have been selected.If the credit card payment method is selected, the credit card, zip code and/or CVV fields are blank or filled in with anything other than, a 13 to 16-digit credit card number, a 5-digit zip code, and 3-digit CVV value.Form doesn't submit and refresh when all required fields are filled out correctly.	Meets expectations if all of the following are true: <ul style="list-style-type: none">Form submission uses the <code>submit</code> event on the <code>form</code> element.Form cannot be submitted (the page does not refresh when the submit button is clicked) until the following requirements have been met:<ul style="list-style-type: none">"Name" field isn't blank."Email" field contains a correctly formatted email address.At least one activity has been selected.If "Credit Card" is the selected payment option, the three credit card fields accept only numbers: a 13 to 16-digit credit card number, a 5-digit zip code, and 3-digit CVV value.When all the required fields are filled out correctly, the form submits (the page refreshes on its own when the submit button is clicked).	Exceeds expectations if meets expectations plus all of the following are true: <ul style="list-style-type: none">At least one required field validates user input in real time as the user interacts with the field.At least one required form field provides validation error messages that differ depending on the reason the field is invalid.Form fields that have real time validation and conditional error messages are detailed in the project's <code>README.me</code> file.
Accessibility	Needs work if any of the following are true: <ul style="list-style-type: none">The activities don't have obvious focus state indicators when tabbing through the form's inputs.On submission, the validation error message, icon and color doesn't display on invalid required fields:<ul style="list-style-type: none">"Name""Email Address""Register for Activities"If "Credit Card" is the selected payment method:<ul style="list-style-type: none">"Card Number""Zip Code""CVV"	Meets expectations if all of the following are true: <ul style="list-style-type: none">The activities have obvious focus state indicators when tabbing through the form's inputs.On submission, the validation error message, icon and color are displayed on invalid required fields:<ul style="list-style-type: none">"Name""Email Address""Register for Activities"If "Credit Card" is the selected payment method:<ul style="list-style-type: none">"Card Number""Zip Code""CVV"	<ul style="list-style-type: none">N/A
Code Quality	Needs work if any of the following are true: <ul style="list-style-type: none">No code comments have been added to the <code>js/script.js</code> file.Unresolved errors appear in the console when the form loads or is interacted with.	Meets expectations if all of the following are true: <ul style="list-style-type: none">Code comments have been added to the <code>js/script.js</code> file.No unresolved errors appear in the console when the form loads or is interacted with.	<ul style="list-style-type: none">N/A
